

## **Data security and privacy statement for Product Management Dashboard for JIRA**

We, proProduktmanagement GmbH, take the protection of your personal data very seriously and adhere strictly to the rules of data protection laws.

This data protection declaration gives you an overview of how we guarantee this protection, whether and what kind of data is collected for what purpose.

### **1. Data security**

proProduktmanagement GmbH programs the software to the best of its knowledge so that no data loss occurs.

The customer and user must provide independently for a regular data backup to avoid a possible data loss.

The security of the servers and computers is also the responsibility of the customer and user.

### **2. Privacy statement**

The Product Management Dashboard does not transfer any personal data to proProduktmanagement or third parties.

Also all data are really deleted from the database, and not only set to deleted, and then still kept in the database.

### **3. Handling personal data**

Personal data is only collected if you voluntarily provide it to us for the execution of a contract. Which data are raised, are evident from the respective input forms.

These data are stored and used exclusively for the answer of your request and/or for the establishment of contact and the associated technical administration. Your data will be deleted after final processing of your request, if you so wish and if there are no legal obligations to retain the data.

We will not sell, rent or otherwise market your personal data to third parties.

### **4. Contact us**

When contacting proProduktmanagement (when booking training courses, e-mail enquiries), the user's details (telephone number, name or user number and e-mail address) are stored for the purpose of processing the enquiry and in the event that follow-up questions arise.

### **5. Rights of the user**

The user has the right, upon request and free of charge, to obtain information about the personal data stored about him. In addition, the user has the right to correct incorrect data, block and delete his personal data, unless there is no legal obligation to retain.

proProduktmanagement GmbH, Nuremberg May 2019.
